

LEÓN DE ORO USA
AN AMERICAN NETTING COMPANY

Trust
the net

GOLDACCESS™

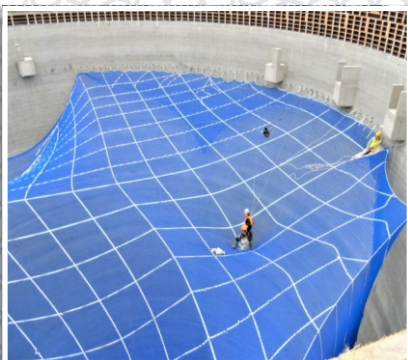

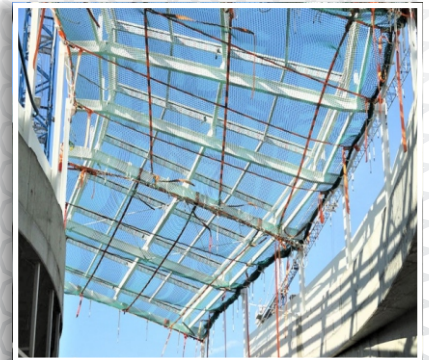

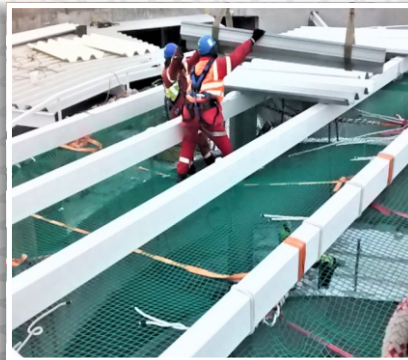

Our **GOLDACCESS™** platform netting can provide a safe and easy way for your workers to access and perform work at height in a safe manner, within Industrial and Commercial projects.

For areas where lifts and scaffolding may be difficult to deploy, or downtime for the customer is not an option, a suspended **GOLDACCESS™** netting platform can provide the access you need more quickly and cost-effectively than other conventional access methods.

If your project requires certified engineering in any of the 50 United States, We can help with that too!

WOULD YOU LIKE TO OFFER A “TURNKEY” PROJECT TO YOUR CUSTOMERS? NOW YOU CAN! THE ANSWER IS ALWAYS **YES!**
